SVEIGJA - Skápar og skúffur

SVEIGJU hilluskápar eru í 4 hæðum og fánlegir með mismunandi hurðum, skúffum, höldum. Þeir eru til á lager í beyki en fánlegir í öðrum viðartegundum.

SVEIGJU rennihurðaskáparnir eru fánlegir í mismunandi útfærslum, lakkaðir eða spónlagðir. SVEIGJU hliðarskáparnir henta vel til að skipta vinnurýmum og nýta pláss.

SVEIGJU skúffukassana má velja með 2 skúffum eða 3 auk þess sem fánlegt er mikið úrval af bökkum og skilrúmum í skúffurnar. Boðið er upp á læsingar í kerfi.

Einnig er fánlegir stakir pennabakkar undir borðplötu.

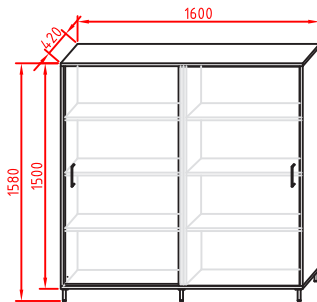

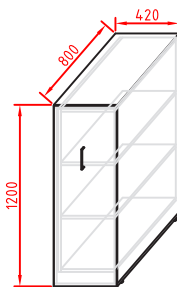

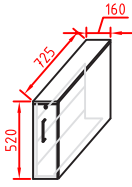

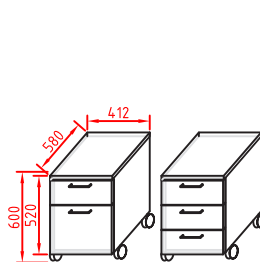

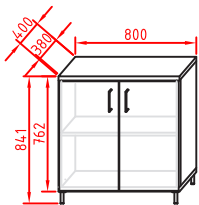

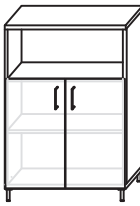

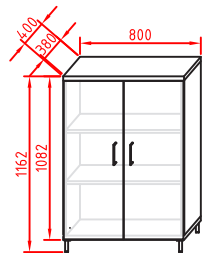

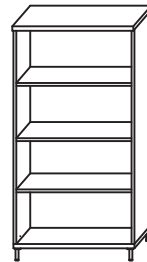

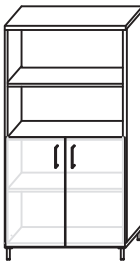

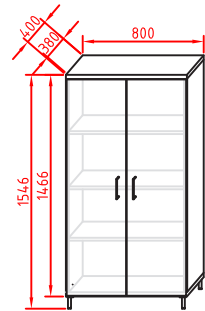

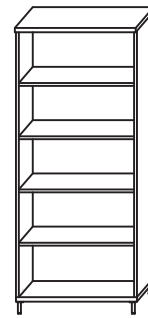

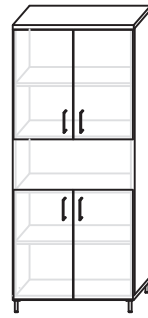

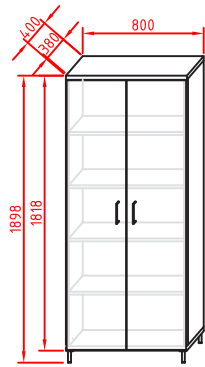

Skúffuturninn hentar vel þar sem lítið rými er undir borði. Hann er aðeins 16 sm breiður en er mikil geymsla.
